

Crowfoot Valley Ranch

Metropolitan District Nos. 1 and 2

Updated Irrigation Schedule

Castle Rock Water has implemented **Phase 2 Watering Restrictions**.

To comply with these restrictions, BrightView has updated the irrigation schedule for the District's common areas. Irrigation will now occur on **Tuesdays and Saturdays**.

If you notice irrigation taking place on these days, please be aware that it is in accordance with the current watering restrictions established by Castle Rock Water.

Thank you for your understanding and for supporting our community's water conservation efforts.
