

Crowfoot Valley Ranch

Metropolitan District Nos. 1 and 2

Pest Control Services

7/29/2026

Crowfoot Metro District has contracted with Animal & Pest Control Specialist (APCS) to perform pest management services in the area identified on the attached map on **Wednesday, August 5, 2026.**

APCS is licensed by the Colorado Division of Wildlife and the Colorado Department of Agriculture and has more than 30 years of experience providing wildlife and pest management services.

Because some burrows are located close to homes, APCS is required to use specific treatment methods in those areas to ensure compliance with safety regulations.

Residents may notice pest control personnel working in the area and temporary signage posted during and after treatment. Please avoid disturbing any posted signs and exercise caution around active work areas.
